

## About Miss Daisy Series

Welcome to The Miss Daisy Series, a cozy collection of five gentle tales where courage grows quietly, kindness sparkles in unexpected places, and the smallest moments shimmer with magic.

Within these pages, each story becomes a little doorway—one that leads to dreaming beneath moonlit branches, wandering through gardens full of secrets, returning to the comfort of home, discovering friendships that feel like treasure, and finding light even when the world feels dim.

These stories were written as soft lanterns for young hearts: to comfort them when days feel heavy, to inspire them when their wings feel small, and to remind them that even the tiniest flutter can stir great wonder.

Whether this is your very first visit with Miss Daisy and her friends, or you're returning like an old friend who knows the path by heart, may you feel the warmth, safety, and joy that guided every word—like a gentle breeze carrying you from one adventure to the next.
